

SaaS Business Plan (Lean Template)

Fill in each section with 1–3 sentences or a short list. Keep it tight — this is meant to be a working document, not a novel. Aim for 2–4 pages total.

1. Executive Summary

(Write this last, once everything else is filled in.)

- **Company name:**
 - **One-line pitch:** (What you do, for whom, in one sentence)
 - **Problem:**
 - **Solution:**
 - **Target market:**
 - **Business model:** (e.g., subscription tiers, usage-based, freemium)
 - **Traction so far:** (users, revenue, pilots, waitlist — or "pre-launch")
 - **Funding ask (if any):**
-

2. Problem

- What pain point are you solving?
 - Who feels this pain most acutely?
 - How are they solving it today (workarounds, competitors, spreadsheets)?
 - Why is now the right time to solve it?
-

3. Solution / Product

- What does your product do?
 - Core features (list top 3–5): 1. 2. 3.
 - What makes it different / defensible? (moat, tech, data, network effects)
 - Product stage: ☐ Idea ☐ Prototype ☐ MVP live ☐ Paying customers ☐ Scaling
-

4. Target Market & Customer

- **Ideal customer profile (ICP):** (company size, industry, role of buyer)
 - **Primary user vs. buyer** (if different, e.g., IT admin buys, employees use)
 - **Market size:**
 - TAM (Total Addressable Market):
 - SAM (Serviceable Addressable Market):
 - SOM (Serviceable Obtainable Market, realistic near-term):
 - **Market trends supporting this:**
-

5. Business Model & Pricing

- **Pricing model:** ☐ Flat subscription ☐ Tiered ☐ Usage-based ☐ Per-seat ☐ Freemium
 - **Price points:**
 - Tier 1:
 - Tier 2:
 - Tier 3:
 - **Billing cycle:** Monthly / Annual / Both
 - **Expected ARPU (Average Revenue Per User):**
-

6. Go-to-Market Strategy

- **Primary acquisition channels:** (content, paid ads, sales-led, product-led, partnerships)
 - **Sales motion:** ☐ Self-serve ☐ Sales-assisted ☐ Enterprise sales
 - **Key partnerships or integrations:**
 - **Launch plan (first 90 days):**
-

7. Competition

Competitor	Strengths	Weaknesses	Your edge

8. Key Metrics (SaaS-specific)

- CAC (Customer Acquisition Cost):
- LTV (Lifetime Value):
- LTV:CAC ratio target: (aim for 3:1+)
- Churn rate (monthly/annual):
- MRR / ARR target (Year 1):
- Gross margin target: (SaaS benchmark: 70-85%)

9. Team

- Founder(s) & roles:
- Key hires needed:
- Advisors / notable supporters:

10. Financial Snapshot

- Startup costs:
- Monthly burn rate:
- Runway (months):
- Revenue projections (Year 1 / 2 / 3):
 - Y1:
 - Y2:
 - Y3:
- Funding needed (if raising):
- Use of funds:

11. Milestones / Roadmap

Milestone	Target Date
MVP launch	
First 10 paying customers	
Break-even	
Series A / next raise (if applicable)	

12. Risks & Mitigation

- Biggest risk:
- Mitigation plan:

Tip: Revisit and update this doc every quarter — it should evolve as you learn more about your customers and market.
